FOUNDER POSITIONING PROPOSAL

FOR SHIVALIK GROUP . CHITRAK SHAH, FOUNDER AND MD

Ahmedabad's next decade, in his own voice.

A twelve-month plan to make CHITRAK SHAH the clearest voice on how Ahmedabad and GIFT CITY grow: one positioning line, one monthly flagship show, a steady rhythm across Instagram, LinkedIn and YouTube, and a press and stage plan. By the team behind work for LODHA, SOBHA and RUSTOMJEE.

1 line	1 show	30 pieces	12 months
The positioning every post answers to	A monthly long-form episode, cut into 8 reels	Of content a month across four channels	Retainer, reviewed every quarter

A strong record, told in pieces.

We studied his public record: his website and Instagram, his podcast and video appearances, press coverage and industry profiles. The substance is there. The story is spread thin.

THE RECORD	WHAT IT SHOWS
1998 and 2001	Starts with his father as S.N. DEVELOPERS; the SHIVALIK brand follows in 2001.
75+ projects	Over 15 million sq ft of real estate delivered across Ahmedabad.
GIFT CITY	SKYVIEW, CURV and TROPHY, with CURV set to be Gujarat's first twisted building.
SIRE, 2023	Founds SHIVALIK INSTITUTE OF REAL ESTATE to close the industry's skill gap.
The fund, 2024	SHIVALIK INVESTMENT FUND, a Category II AIF, closes 50% of its ₹150 Cr target in its first close.
Industry voice	Past Chairman, CREDAI AHMEDABAD; guest on SPEAKING REAL ESTATE, TREC CONVERSATIONS and WHY AHMEDABAD.

01

Five roles, no single line

Developer, fund manager, educator, industry leader and GIFT CITY builder each tell their own story. A first-time reader cannot say in one sentence what he stands for.

02

His best thinking sits on other channels

His sharpest views on Ahmedabad and GIFT CITY live in podcast episodes hosted by others. His own pages do not capture or reuse them.

03

The public record disagrees with itself

Profiles call him founder in some places and co-founder in others, with different dates and CREDAI titles. For an investor, search is the first meeting.

04

Every audience gets the same post

Fund investors, homebuyers, NRI buyers, young professionals and policymakers each need their own reason to follow him.

THE OPPORTUNITY

Everyone in Gujarat real estate is asking where Ahmedabad goes next. He has spent 28 years answering that question in concrete. This plan gives the answer one clear voice.

One line every post answers to.

THE STRATEGY STATEMENT

CHITRAK SHAH is the builder of Ahmedabad's next decade. He builds it, funds it and trains the people who will run it.

One idea from five roles

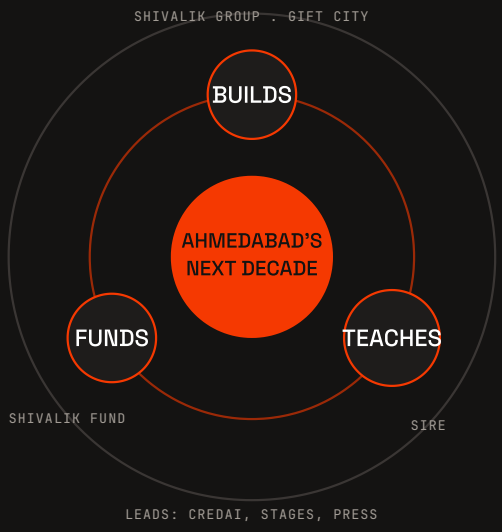

SHIVALIK GROUP, the fund, SIRE, GIFT CITY and CREDAI each become proof of the same promise.

Owned by the record

Twenty-eight years, 75+ projects and three GIFT CITY towers make the claim easy to believe.

It keeps growing

Every handover, fund close and SIRE batch adds a new chapter, so the content never runs dry.

HOW HE SOUNDS

Answer first
He opens with the view, then the numbers behind it.

Places and numbers
Named roads, sites and figures. Specifics make him credible.

English and Gujarati
LinkedIn in English; reels in both, with subtitles.

Always in the room
On site, in class, at the table. He is seen doing the work.

WHO WE SPEAK TO

AUDIENCE	WHAT THEY SHOULD BELIEVE	WHERE THEY MEET HIM
Investors and HNIs	His capital follows his conviction about the city.	LinkedIn, newsletter, closed-door rooms
Homebuyers and NRI buyers	A SHIVALIK address is a stake in a growing city.	Instagram, YouTube
Industry and policymakers	He speaks for where the sector is headed.	LinkedIn, stages, press
Young real estate talent	He is the teacher worth learning from.	Instagram, SIRE, campus talks

Four pillars, one flagship show.

Every piece sits in one of four pillars. Each pillar proves one part of the line: he builds, he funds, he teaches, and he sees the city ahead.

PILLAR	WHAT IT COVERS	EXAMPLE TOPICS	SHARE
The City Ahead Sees	Ahmedabad and GIFT CITY growth: infrastructure, corridors and where demand moves next.	Where Ahmedabad grows in ten years. What GIFT CITY means for a family buyer.	35%
The Builder's Desk Builds	Sites, decisions and lessons since 1998, told from the ground.	What 1998 taught me. A morning on the CURV site.	25%
Capital and Conviction Funds	How he reads cycles, picks projects and thinks about the fund's thesis.	How we read a market cycle. What makes a project worth backing.	25%
The Next Builders Teaches	SIRE, careers and mentoring the next generation of the industry.	Five things I wish I knew at 25. Notes from a SIRE class.	15%
