FOUNDER POSITIONING PROPOSAL

FOR SHIVALIK GROUP . CHITRAK SHAH, FOUNDER AND MD

The face and voice of a new way to build.

A twelve-month plan to make CHITRAK SHAH the founder India's real estate industry listens to: one positioning line, a monthly show he hosts, a steady rhythm on Instagram, LinkedIn and YouTube, and a press and stage plan. By the team behind work for LODHA, SOBHA and RUSTOMJEE.

1 line	1 show	30 pieces	12 months
The positioning every post answers to	A monthly episode he hosts, cut into 8 reels	Of content a month across four channels	Retainer after a four-week setup

The proposal on one page.

You asked for five things. Here is our answer to each, and the page where you will find the detail.

YOU ASKED FOR	OUR ANSWER	PAGE
Strategy and positioning	One line built on his own thesis: **CHITRAK SHAH is building the operating system for Indian real estate, and Ahmedabad is where he proves it.**	04
Content approach	Four content pillars taken from his own "Future I See": People, Asset, Capital and Territories. A monthly show he hosts. 30 pieces of content a month.	05
Distribution plan	Each channel gets one job: Instagram for reach, LinkedIn for authority, YouTube for the show, his website for the record, press and stages for outside proof.	06
Measurable outcomes	Five goals tracked every month against a baseline we record in setup. Fixed output we commit to: 12 episodes, 96 reels, 96 Instagram posts, 144 LinkedIn posts.	07
Commercials	₹4,20,000 one-time setup, then ₹4,60,000 a month for twelve months. Every rupee is mapped to a line item on pages 08 and 09.	08 . 09

IN SHORT

WHAT IT COSTS

₹4,60,000

A month, plus GST, after a ₹4,20,000 setup. Year-one fees: ₹59,40,000.

WHAT YOU GET

30 pieces

Of content a month: 1 episode, 8 reels, 8 Instagram posts, 12 LinkedIn posts, 1 article.

HOW LONG

4 wks + 12 mo

Four weeks of setup, then twelve months of retainer, reviewed every quarter.

WHAT WE NEED FROM MR SHAH

One shoot day and one 30-minute review a month.

WHAT WE NEED FROM SHIVALIK

One named approver and access to his channels and analytics.

A strong record and a sharp thesis, told in pieces.

We studied chitrakshah.com, shivalikgroup.com, his podcast and video appearances, press coverage and industry profiles. The substance is all there.

28+	75+	18M+	16+	10K+
Years since 1998	Projects	Sq ft	Territories	Families

Six businesses	SHIVALIK Development, SHIVALIK FUND, LOFY and furniture, SIRE, R Operating System and Communities.
Landmark work	SHIVALIK CURV in GIFT CITY: Gold, NY Architectural Design Awards 2025. IGBC Green Champion. Great Place To Work, certified to Feb 2027.
Industry voice	Past Chairman, CREDAI AHMEDABAD. Guest on SPEAKING REAL ESTATE, TREC CONVERSATIONS and WHY AHMEDABAD.

01

A clear thesis without his face on it

His site says "Life is changing. Real estate must change with it." and maps the future across People, Asset, Capital and Territories. Today it reads as company material. He is rarely seen or heard saying it.

02

Six businesses need one simple story

Development, fund, furniture, institute, technology and communities. A first-time reader needs one sentence that holds all six together.

03

His best talks live on other channels

His sharpest views on Ahmedabad, GIFT CITY and capital sit in podcasts hosted by others, where his own channels cannot reuse them.

04

The public record disagrees with itself

Profiles call him founder in some places and co-founder in others, with different dates and CREDAI titles. For an investor, search is the first meeting.

One line every post answers to.

THE STRATEGY STATEMENT

CHITRAK SHAH is building the operating system for Indian real estate. Ahmedabad is where he proves it.

It is already his thesis

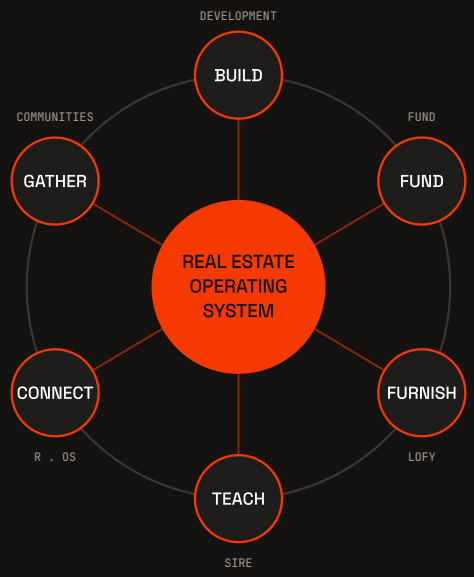

His website opens with "Powering India's Real Estate Operating System". We give that idea a face and a voice.

Six businesses, one idea

Each business becomes a part of the system: build, fund, furnish, teach, connect and bring people together.

The proof is local

28+ years, 75+ projects, 18M+ sq ft and 10K+ families in his home market make the claim easy to believe.

HOW HE SOUNDS

Answer first
He opens with his view, then the numbers behind it.

Places and numbers
Named roads, sites and figures. Specifics make him credible.

English and Gujarati
LinkedIn in English; reels in both, with subtitles.

Always in the room
On site, in class, at the table. He is seen doing the work.

WHO WE SPEAK TO

AUDIENCE	WHAT THEY SHOULD BELIEVE	WHERE THEY MEET HIM
Investors and NRIs	His capital follows a clear view of the market.	LinkedIn, newsletter, closed-door rooms
Homebuyers	A SHIVALIK address keeps its value long after handover.	Instagram, YouTube
Industry and policymakers	He is shaping how the sector works next.	LinkedIn, stages, press
Young real estate talent	He is the teacher worth learning from.	Instagram, SIRE, campus talks

Four pillars, one show he hosts.

The four pillars come straight from "Future I See" on his website. Each piece of content sits in one of them, so his own thesis gets told again and again in new ways.

PILLAR	WHAT IT COVERS	EXAMPLE TOPICS	SHARE
Territories	Ahmedabad, GIFT CITY and new growth corridors: infrastructure, industry and where demand moves next.	Where Ahmedabad grows in ten years. One territory at a time, explained.	30%
Capital	How real estate is financed: SHIVALIK FUND, market cycles and how he picks a project.	How we read a market cycle. What makes a project worth backing.	25%
Asset	Life after handover: quality, upkeep, interiors through LOFY and buildings like CURV.	Why a building's value starts at handover. Inside CURV.	25%
People	How people live and work, careers through SIRE and the communities around his projects.	Five things I wish I knew at 25. Notes from a SIRE class.	20%

- Audit and baseline of every channel and search result
- Positioning, voice guide and pillars signed off
- Media kit and show pages on chitrakshah.com
- One bio, one title and one set of dates on every profile
- First episode shot

MONTHS 1 TO 6

Rhythm

- All 30 pieces a month live on every channel
- The show goes out every month
- LinkedIn newsletter launches
- First press and stage pitches go out
- Reviews at month 3 and month 6

MONTHS 7 TO 12

Reach

- Collaborations with podcasts and creators
- Stage and campus talk series
- Paid promotion behind the best performers
- Year-one review and the next year's plan

What we measure, every month.

During setup we record where every number stands today. We agree targets against that baseline together and review them every quarter. You get a report every month.

GOAL	WHAT WE MEASURE	HOW WE TRACK IT
Visibility	Followers, reach and views on Instagram, LinkedIn and YouTube	Platform analytics, monthly
Influence	Engagement, saves, shares and comments from the four audiences	Platform analytics and comment sampling
Thought leadership	Press mentions, podcast and stage invitations, speaking requests	Shared media log
Search	Searches for his name, and a first page of results that is accurate	Monthly search check
Business	Enquiries to SHIVALIK, the fund and SIRE that mention him as the reason	Tagged enquiry log with the SHIVALIK team
